MEN'S TESTIMONY IS STRONG AGAINST LITTLE

Accused of Six Murders Combatted Effort to Have His Wife Tell Her Story.

WELL, Va., Nov. 27.—Evidence of the most sensational character introduced yesterday at the trial of Howard Little, accused of the murder of Mrs. Betty Justis, by George Meadows, his three children.

Justis, a son of the murderer, was the first witness. He testified that he had worked with Little as foreman for the Ritter Company and that Little had asked him how much money he had "by her." He told the witness that Little had said that if "he was that old" he would not keep his money, but it would be an easy matter to murder the family, burn the house and burn the victims.

Woman Chief Witness.

May, the woman whom Little was to leave with, was the next witness. She stated that Little gave her the lantern the day before the murder and that she might be ready to go and told her they would go as he could get some money from the bank.

Witnesses testified as to the fact that the house was burned and voices were going in the direction of the house.

Lee, a woman who made her home with the family of Little, was the next witness of the day, and she stated that over two hours after the murder she saw Little's relations with her and his troubles at home. She stated that on the day of the murder a lamp was hanging when Little went away and she was absent all night. She stated that she was awake twice during the night and the lamp was still hanging at 4 o'clock in the morning and she got breakfast and found the coat hanging. His coat was hanging as if it had been washed.

Use of the Lantern.

Little, not his own, was on a table. Little took the lantern.

Is Minus a Wife.

On the 30th P. J. Murray bid adieu to his wife and two daughters aged 7 and 4 years, and they went on the train at Archbold to their former home in Kentucky, S. C., whither the Murray family followed later.

Three months have passed since the woman and children have never reached their destination, nor has any word been received from them or news of their whereabouts. It is as if the earth had opened up and swallowed them. The fact that J. B. Meeks, a friend of the woman, left on the same train, leads Mr. Murray to the conclusion that he has been deserted. He would like to solve the mystery and locate his children.—Bronson Times-Democrat.

tern out after breakfast and began to file on it and would not tell her why he did so. She said he came into the room two hours after breakfast and called for bandages to tie up his leg, stating that he had cut his leg while cutting brush that morning, but when she examined the wound it was found that the blood was dry.

Little appeared very restless after this, she said, and frequently would wake up in the night and talk with his wife for hours at a time. He took the lantern up to a hollow several miles from the house and hid it between two logs.

It was stated that Little had a 32-calibre revolver in his coat pocket the morning after the murder and that his wife took the pistol from his pocket and tried to remove the cartridges, but was unable to do so and handed the pistol to her and she took them out and they fell on the bed.

Keeps Wife from Stand.

A score or more witnesses were then introduced to prove the ownership of the lantern, the substance of their testimony being that the lantern had been in custody of George Meadows; had been loaned to Meadows by a neighbor and never been returned. The lantern which Little hid in the hollow was shown and was said to be the one which Meadows had borrowed from his neighbor.

A physician who removed the bullets from the body of George Meadows stated that the bullets taken from the revolver of Little and the bullets taken from the body of Meadows were of the same weight and make.

One of the witnesses stated that Little had sent word to his wife not to testify against him; that if she did again she would give everything away and get him into trouble. An attempt was made by the commonwealth to get Little's wife on the stand, but an objection was entered by counsel for the defense and sustained by the court.

Both sides rested at 1 o'clock and argument was begun.

er reached their destination, nor has any word been received from them or news of their whereabouts. It is as if the earth had opened up and swallowed them. The fact that J. B. Meeks, a friend of the woman, left on the same train, leads Mr. Murray to the conclusion that he has been deserted. He would like to solve the mystery and locate his children.—Bronson Times-Democrat.

TEACHERS' INSTITUTE WAS GRAND SUCCESS

MEETINGS WELL ATTENDED, AND PROGRAM ENJOYED.

Dr. Byrd Delivered Fine Lecture, as Did Also Drs. Murphree and Thackston of the University

The Alachua County Teachers' Institute was held in the auditorium of the Gainesville Graded and High School building, beginning Thursday, Nov. 25th, at 8 p. m., and closing Friday evening with an excellent and well delivered address by Dr. Byrd.

The majority of the teachers of the county were present, and some of the best prepared papers that have ever been read before this assembly were read Friday.

All the teachers present felt doubly repaid for coming. They feel greatly benefited and went to their respective schools sure of doing better work.

Dr. and Mrs. Kelley, the ever hospitable Superintendent and wife, tendered the teachers a reception at their beautiful home Friday from 5:30 to 7:30 p. m., for the purpose of giving the teachers an opportunity to become better acquainted with each other. Delicious refreshments were served and greatly enjoyed by everyone present.

Prof. E. H. Collier received the guests at the door and they were welcomed by Dr. and Mrs. Kelley, and Misses Franklin and Anthony.

Dr. Kelley is greatly beloved by his teachers, and was presented with a very handsome Elk pin as a token of their great respect for him. After the presentation of the pin, the guests departed feeling that this is "a great, wide, beautiful, wonderful world," and that it is "good to live in it."

EIGHTY-THREE MEN ARE REMOVED FROM SERVICE

Arrest of Customs Weigher in New York Brought to Light New Series of Frauds,

NEW YORK, Nov. 27.—A new series of alleged customs frauds was brought to light here yesterday with the arrest of Thomas C. Giddings, a customs weigher, on an indictment charging him with conspiracy to defraud the Government in connection with importations of furs in 1906. According to the Federal prosecutors, Giddings underweighed two shipments of furs consigned to local importers, recording the weight of the first shipment at 30,000 pounds instead of 40,000 and defrauding the Government of the duty on 8,700 pounds of the furs contained in the second shipment.

The indictment against Giddings, it is intimated, is the first of a series which the Government hopes to obtain from the grand jury now in session as a result of following up Collector Loeb's investigations and dismissals.

Ten more assistant weighers were dropped by Collector Loeb from the customs service yesterday.

Mr. Loeb announced that with these dismissals the "general house cleaning" in the custom house as the result of the investigation into underweighing frauds had been completed. Some individual cases remained, however, on which he might find it necessary to take action, the Collector added.

Including yesterday's dismissals, a total of eighty-three men have been removed by the Collector since the work of readjustment of the staff in the customs service began. The men

dismissed yesterday were civil service appointees, and their successors will be chosen from the civil service list of eligibles.

The Collector said he wished to correct a misapprehension which appeared to him to be somewhat general to the effect that the civil service rules had been disregarded in the dismissals and appointments previously made during the upheaval. This was not the case, he declared, the civil service rules having been strictly regarded and appointments of new men in all cases having been made from the civil service lists.

Wickersham Denies.

Washington, Nov. 27.—Attorney-General Wickersham never was counsel for the American Sugar Refining Company, though Henry W. Taft, individually for the firm of Strong & Cadwalader, of which both Mr. Wickersham and Mr. Taft were members, was retained by that company in the suit against the company by the Pennsylvania Sugar Refining Company. Mr. Wickersham made this statement in response to newspaper inquiries as to whether he had ever been retained by the so-called "sugar trust," which is figuring so conspicuously in the customs house frauds at New York and in recent conferences between the treasury and department of justice officials.

The Pennsylvania Sugar case is the one which grew out of the Adolph Segal loan.

BONNIE MELROSE.

MELROSE, Nov. 27.—The next quarterly meeting of the Melrose charge of the Methodist Church will be held on the 2nd of December at Orange Heights.

A fine rain of nearly one inch fell on Tuesday. The lowest temperature noted here during the following cold snap was 42 degrees, with white frost, but no damage was done, some watermelon vines in bloom coming out all right.

Melrose Lodge 89, F. and A. M., will meet in regular communication session on December 4th and for work in the second degree. Visiting brethren invited.

Mrs. H. Barker and baby of Flatbush, N. J., are new arrivals at the Huffman House.

W. Dunbar, Reynolds Bridge, Conn., is again occupying his cottage, corner Quail street and S. Bellamy avenue.

H. Jackson and Miss L. Mack were quietly married at the home of the bride's parents by Rev. Barr on Wednesday evening.

The shipping of Oranges from the

well-known Maxwell grove near town has begun, the tangerine crop being especially heavy with fine fruit.

A New Superintendent.

J. W. Magin, an experienced construction contractor of Richmond, Va., has arrived in the city, and has assumed the position as superintendent of construction of the new Government building, succeeding General Superintendent Miles, who has been on the job since the beginning of the work.

Mr. Miles has been transferred to the offices of the King Lumber Company, the contractors, at Charlottesville, Va.

Mr. Magin is a clever fellow, and the manner in which he goes at his new duties is evident that he understands his business. He expects to remain here until the work is finished, which will be until the middle of the coming year, and it goes without saying that he will make friends.

With Bowed Head Aged Ex-Banker Pleads Guilty

MADISON, Wis., Nov. 27.—Phil Allen, Jr., former vice-president of the First National Bank of Mineral Point, Wis., appeared yesterday before Judge Sanborn in the United States District Court, pleaded guilty to four out of twenty-six counts in the indictment against him and was sentenced to ten years in the Federal prison at Fort Leavenworth, Kan., the maximum penalty under the law of any one count.

Allen was charged with embezzling

\$168,000 from the Mineral Point Bank.

Allen, who is in his sixty-third year, has been in jail for several weeks unable to give \$50,000 bond. He pleaded not guilty at LaCrosse to the indictment rendered against him by the grand jury in that city.

He came into court yesterday morning unexpectedly. With bowed head and in an almost inaudible voice he pleaded guilty, and when he was asked if he had anything to say he said "no." Allen was returned to jail.

MARION COUNTY FAIR WAS A GRAND SUCCESS

FARMERS AND OTHERS MANIFESTED DEEP INTEREST.

Live Stock Exhibit Was Especially Fine, and Races Attracted People From Every Section.

The Sun representative visited the Marion County Fair at Ocala on Friday and can state that it was even a greater and better success than could have been anticipated at the beginning of the season.

One very noticeable feature for the management was the absence of so many of the side show attractions that always congregate at such places for the purpose of graft, but it can be said that the dozen or more attractions that were on the grounds were far above the ordinary.

It was the intention of the managers and promoters of the fair to make a showing of the products of the soil as well as the advancement in live stock, poultry and the like, and in this they were entirely successful, for no grander showing could have been made by a number of counties.

Corn was king at the fair, and the many exhibits on display showed what a marked improvement had been made in this direction by the farming element.

Potatoes, cane, hay, and in fact everything in the way of products of the farm, was there, and in great quantities, while the individual booths of the live and progressive firms of Ocala were all neatly and tastefully arranged and reflected great credit upon the exhibitors.

During the past three months Secretary Williams and President Robinson have been hard at work soliciting exhibits and preparing the grounds, and the large additional space they had made for the reception of the exhibits was taxed and the places were crowded to the utmost.

If our sister county can make such a grand showing, the question is asked, how much more would it be to have the two counties combine next year and give a fair that will eclipse everything that was ever attempted in the State.

Large crowds of Alachua county people were present during the fair, but this would have been greatly increased had the special train service that was agreed upon been given, and not annulled at the last moment on account of the Jacksonville carnival.

Marion county has, through the fair association, made a grand showing, and one that will do much to advance her interests.

One of the special features of the fair was the horse racing, which attracted a great deal of attention. These races included some of the finest horses in the country, and formed a part of the great success of the fair.

NEWS OF CITY AND COUNTY CONDENSED

Ted Schiradaressi, the clever day clerk at the Brown House, left yesterday for Jacksonville, where he will visit friends. Ted will be missed behind the counter at this popular hostelry, but his vacation is well earned, and friends trust that he will have a "big time."

When a cold becomes settled in the system, it will take several days' treatment to cure it, and the best remedy to use is Chamberlain's Cough Remedy. It will cure quicker than any other, and also leaves the system in a natural and healthy condition. Sold by all druggists.

W. B. Alexander of Baltimore, who sells shoes and has a large number of friends in this section of the State, has been in the city for the past day or two in the interest of his firm. Mr. Alexander says he always likes to come to Gainesville, because it's "the best town on his route."

The old, old story, told times without number, and repeated over and over again for the last 36 years, but it is always a welcome story to those in search of health—There is nothing in the world that cures coughs and colds as quickly as Chamberlain's Cough Remedy. Sold by all druggists.

Mesdames C. R. Wood and E. E. Prince, and Miss Mamie McGrew, who have been in Jacksonville for the past three or four days on a visit to friends, returned to their home here

Croup is most prevalent during the dry cold weather of the early winter months. Parents of young children should be prepared for it. All that is needed is a bottle of Chamberlain's Cough Remedy. Many mothers are never without it in their homes and it has never disappointed them. Sold by all druggists.

Attention is directed to the advertisement of the Wilson Company, which appears elsewhere in this issue. This enterprising firm is desirous of reducing the big stock of millinery, and is offering extra inducements for the next few days. The firm is also offering a special reduction in tailor-made skirts for the next few days.

C. D. Dennis, the clever mine superintendent of the Dutton Phosphate Company, after a brief visit to Jacksonville and the carnival, was in the city yesterday. Mr. Dennis makes his headquarters at Dutton, from which point he directs the extensive movements of the Dutton Company's mines, the most important phosphate mines in the State.

Chas. W. Bartleson, formerly of this city but now residing in Jacksonville, has returned to his home, after a couple of days pleasantly spent here. Mr. Bartleson attended the football game between Florida and Stetson, and, while he declared it was a fine game, he preferred to see Florida win. This was natural, as Mr. Bartleson still feels that he is "one of us."

Edwards & Flowers, the furniture people who are located on East Liberty street, are very anxious to close out their business, in order to engage in some other line, and are offering exceptional bargains, even on the installment plan. They have a line of fine goods, and it would pay those contemplating making purchases to call and look over the stock.

Col. Geo. D. Martin and wife of Petersburg, Indiana, are in the city, and will be located with Mrs. Tinsley for the season. Col. Martin is well pleased with Gainesville, which he declares to be one of the best towns he has ever seen. He is pleased with the residences and business houses, which he says are up-to-date, and in all Gainesville is up to date in every way.

DELIGHTFUL RECEPTION

Tendered at the Home of Miss Eula Clarke Friday Afternoon.

Friday afternoon between the hours of four and six the hospitable home of Miss Eula Clarke was the scene of unusual beauty, when the doors were thrown open for many friends to have the pleasure of meeting her sister, Mrs. D. M. Clarke, and Miss Bert Faircloth, of Dothan, Ala.

The guests were ushered in by Misses Otelia Medlin and Lillian Clarke, where they were met by Mrs. T. P. Hay and Mrs. Geo. Brumley, who presented them to the receiving line, Miss Clarke, Mrs. D. M. Clarke, Miss Faircloth, Mrs. Ed Clarke, Mrs. Dora Clarke and Mrs. Chas. Faircloth. A bevy of beautiful women standing under a spreading Florida palm presented a charming scene.

The hostess was beautifully gowned in pink messaline; Mrs. D. M. Clarke looked regal in a draped model of yellow messaline with crystal trimmings; Miss Faircloth, a pretty brunette, looked charming in blue messaline; Mrs. Ed Clarke, in a handsome gown of wisteria cloth; Mrs. Dora Clarke, the mother, was gowned in black satin; Mrs. Chas. Faircloth was her usual charming self in a beautiful crepe-de-chine.

Mrs. Davis and Mrs. Jim Dell, Mrs. W. M. Johnson and Miss Dennis, received the guests in the dining-room, where they were served to a delicious salad course. The color scheme was white and green. The table was in cluny with crystal and silver appointments with a magnificent centerpiece of white chrysanthemums and lilies of the valley.

Mrs. J. D. Stringfellow and Mrs. Rachael Halle served coffee and cream, assisted by Mrs. Oscar Morris and Mrs. Evans Halle, and Misses Pedrick, Sadler, Eddins, L. Vidal, E. Vidal, Burkheim, McDowall and Whilbrow of Spartanburg, S. C.

From here the guests were invited into the drawing-room by Mrs. W. J. Denby. This room was banked in pink roses, and here delicious punch was served by Misses Hochstrasser and King. The punch bowl was in a bower of grapes and leaves, and was a thing of beauty.

Music was dispensed during the afternoon, lending a delightful charm to the occasion.

The bride, by her charming manner, has won the hearts of all who had the pleasure of meeting her, and all hope that she will decide upon Gainesville as her future home.

Coburn's Minstrels.

Davis Brothers, musical comedians and instrumentalists, are one of the strong features with Coburn's Greater Minstrels this season. They are musicians of a very high order, and present many novelties in their specialty which are new to the usual run of musical acts. George Davis, the comedian, is the funmaker and his droll humor and ridiculous capers keep the audience in an uproar while his instrumental work is of the very best quality. They were for two seasons a feature with the Hi Henry Minstrels and are an acquisition to Manager Coburn and his big show. Don't forget the date, next Friday, at the Baird Theatre.

EVERY MAN'S CAR--THE 1910 BRUSH

The past year has brought forth many announcements of "dream sensations" founded on the hope of am-
 designers and the faith of inexperienced backers.

The Announcement of the 1910 BRUSH FOR \$485

created a real sensation—one built on the experience
 the knowledge acquired by manufacturing the 3,000
 cars now in use.

car in power (10 h. p. balance engine) smooth-
 and looks, yet built on proven principles, by an
 already perfected.

engine is one of the greatest BRUSH achieve-
 The result is single cylinder simplicity, reliability,
 weight, low gasoline and oil consumption, low tire
 cylinder power and smoothness. The most
 improvement in motor car construction in years.

performance is almost unbelievable. You will swear
 cylinder. You must see it, in fact, you must ride
 to be convinced.

the wheel base has been lengthened six inches;
 successful and rakish lines; Mercedes type of radiator;
 selective control; universal coupling shaft; improved

dust-proof commutator; multiple disc low and reverse
 clutches; transmission control levers entirely housed and
 oil tight; more quiet muffler.

Think of it, \$485 for the best built, most thoroughly
 proven, smoothest running, easiest riding, most reliable,
 most economical, most powerful, handiest small car in
 America.

This magnificent new plant, designed and equipped for
 building the BRUSH in 10,000 lots, insures the limit of
 economy in manufacturing. The raw material is unloaded
 at one end of the factory, the finished product is put on the
 cars at the other end.

Every part is made in the BRUSH factory, except the
 tires, wheels and the electrical equipment. The buyer pays
 no parts-makers' profit.

The BRUSH has the fewest possible parts, but they are
 all of sufficient size and strength to stand the hardest
 knocks. Simplicity makes it possible to build a car right
 and still sell it at this wonderful price.

In the 1909 Glidden Tour the little BRUSH covered
 2,636 miles in 15 days and finished in good shape in Kansas
 City. A lot more than can be said of some of the big cars.
 In the "Little Glidden" at Minneapolis it finished with

perfect road and technical scores and won the Gregg
 Trophy over three 4-cylinder cars.

It climbed Pike's Peak in 8 hours, every inch of the way
 under its own power.

It crossed the American continent. In 1908 it won the
 Algonquin hill-climb in its class. Barred in 1909.

In the Denver motor car run, Denver to Pueblo and re-
 turn, the BRUSH was the only car out of sixteen—most
 of them big ones, too—to finish with a perfect technical
 score.

In the 1909 New York one-gallon fuel contest, the Brush
 made 40.6 miles on one gallon of gasoline.

In the Buffalo contest it made 41.2 miles on one gallon.
 This means less than 3/4 of a cent a mile for fuel.

While in Atlanta last week only words of wonderment
 were heard, expressed on every corner of this new car.

We purchased for 1910, 35 of the wonderful little cars and
 expect the first carload of ten early in December. Get
 in your orders early. ADDRESS OR PHONE 334.

Jim Ramsey spent yesterday in
 Wacahoota hammock, where he was
 looking for squirrel. We have not
 had a report, but venture that Jim
 "made good" for marksmanship, as
 his aim is always good.

At the bazaar to be held Thursday,
 Dec. 2nd, by the Woman's Guild at
 the Masonic Temple there will be
 many useful and beautiful articles,
 and a fine supper served. The ladies
 will be grateful for a liberal patron-
 age.

E. E. Prince, who has an extensive
 contract at Williston, arrived in the
 city yesterday, and will spend Sun-
 day with his wife. Mr. Prince has
 been remarkably successful as a con-
 tractor since he decided to locate
 here.

C. A. Miles, the clever and success-
 ful traveling representative of the
 Consolidated Grocery Company, Jack-
 sonville, was in the city yesterday.
 Mr. Miles makes his headquarters in
 Gainesville when working this section
 of the State.

R. M. Chamberlin of Tacoma was
 among those who spent yesterday in
 this city. "Dolph" is always full of
 fun and has a "good laugh," and his
 visit upon this occasion was no ex-

ception. Somehow, he just makes
 one "feel good" to be about him.

Among those who visited the city
 yesterday were John F. Bartleson and
 son, Frank, of Jacksonville, who have

been on an outing for the past few
 days on the Haile homestead, "Ka-
 napaha. They made a pleasant call
 at The Sun office. Mr. Bartleson had

the misfortune a couple of days ago

to injure his right arm by a severe
 "kick" of the gun, but says he will
 soon be all right again. Friends were
 glad to welcome him, and glad to

learn that he is enjoying fine health.

"To all Directors and Members: Please be advised that the complaint No. 2566 of this association, before the Interstate Commerce Commission, will be heard in Jacksonville on Monday, December 20th, before Commissioner Prouty. The principal objects to be considered are as follows:

"First. The readjustment of rates on Florida oranges and pineapples to points in territory North of the Ohio river and West of the Mississippi and Missouri rivers in order to enable Florida citrus fruits to compete on an even basis with California citrus fruits, and for Florida pineapples to compete with Cuban pineapples.

"Second. The establishment of carload rates and carload minimums on Florida vegetables to Eastern markets, and a readjustment of rates on Florida vegetables to Western markets in order to permit many of the Florida vegetables to compete on an even basis with the same products grown elsewhere.

"Third. The establishment of carload rates on mixed cars of Florida fruits and Florida vegetables that will permit the carload rate applicable on each commodity to apply to, with minimums on same under ventilation and under refrigeration.

"Will you kindly acknowledge receipt of this letter and advise if you will be present at the hearing and in position to furnish testimony on the points under consideration.

"The commission advises that the parties to the complaint will be expected to complete their proofs and submit the case at the hearing. This complaint appeals to all growers, buyers and shippers who are interested in the Florida fruit and vegetable industries. Your co-operation and support is invited and expected.

"Yours Very truly,
"J. C. CHASE,
"Secretary and Treasurer."

THE NEMESIS OF THE BLIND POOL.

More than a century ago the Havermeyer family was in the sugar refining business. Its reputation, social and commercial, was second to none. It grew as the country grew. There was a good deal of the Dutch stubbornness in that old Knickerbocker family. They were intolerant of interference, and had good reason to be confident in their ability to manage their own affairs. They were the precursors of the American Sugar Co., and the late Henry O. Havermeyer carried into the management of that business what was virtually the tradition of his family.

He regarded the management of the property as a matter which concerned himself alone. He considered that the stockholders should be satisfied if he got results. Of the men who worked with him, not one knew all of his business. Even the counsel to the company probably knew no more than was necessary to make his work efficient. The directors did not direct, and, unfortunately, public opinion tolerates that fruitful incentive to wrongdoing. Abuses grew up in the operation of the corporation, and how extensive they became has been shown in recent disclosures. The stockholders sat still and accepted their dividends. If they had been English stockholders they would have snapped their fingers at the control and heckled the controllers. Instead of this, they did not even attend the general meetings of the company.

Now Havermeyer is dead and fraud and corruption—plain stealing—is uncovered and in the distribution of blame, nobody seems to be willing to point out how much the stockholders and the Havermeyers have themselves to thank. If the stockholder attends to his duties there is no organization in the world so democratic as a stock company. If he relegates those duties to another who is interested in deceiving him, there is no institution which can become more autocratic and corrupt, says The Wall Street Journal.

The stockholder, moreover, cannot claim that he sinned in ignorance. He deliberately entered the Havermeyer blind pool for the sake of the large return on his investment. We are, of course, assured that a large number of the stockholders are women. If they have been injured, they deserve sympathy, but they should realize that their recourse is not against the public as personified by the Federal Government.

Here is an object lesson upon the price of secrecy which should be pondered by every stockholder and every director and manager. The stockholder is constantly assured by the agents and possibly the beneficiaries of such a system that publicity is prejudicial to his interests. He should now quickly make up his mind that secrecy is a great deal more so in the end, and that only by the fullest and frankest disclosure of the real position of his property, can he be saved from ultimate disappointment.

How many men know what they own, how much they have got, and what their possessions are worth? asks The Tampa Times. Mighty few, if questions to a score of men put at random afforded any indication. Every citizen and householder should make an inventory of all his household properties and belongings and keep it where he can lay his hands on it at pleasure. Each addition should be jotted on the list, each thing disposed of or lost should be stricken out, and a man should be able at any time to produce a clean and complete statement of his personal effects.

BALL—BUDD.

Charleston Man Leads to Altar Popular Monticello Lady.

The marriage of Miss Elizabeth Budd of Monticello, Florida, to Mr. J. Alwyn Ball of Charleston, S. C., took place Tuesday night, and was a very beautiful and quite a notable social event.

The ceremony was performed in the First Methodist church, in Monticello, Rev. Scott Hardin, the minister, officiating. The church was elaborately decorated for the occasion with palms and ferns, and masses of yellow and white chrysanthemums, carrying out the color scheme of gold and white. The altar, which was banked with the chrysanthemums, was especially beautiful.

To the music of the wedding march played by Mrs. H. A. Barrows, the bridal party entered the church. The bridesmaids were Miss Kathryn Gordon of Columbus, Ga.; Miss Emma Shannon of Camden, S. C.; Miss Nellie Halle of Savannah; Miss Marianne Watt of Thomasville. The matrons of honor were the bride's sister, Mrs. N. B. Jordan of Quincy, and Mrs. W. H. Ellis of Tallahassee. Miss Katie Budd of Monticello, another sister of the bride, was maid of honor. The bride entered the church with her father, Mr. J. T. Budd, of Monticello, and was met at the altar by the groom with his best man, Mr. James Chesnut, of Gainesville. The groomsmen were Mr. M. N. Hunter of Charleston, S. C.; Mr. E. H. Smith of Atlanta; Mr. J. W. Waring of Charleston, S. C.; Mr. J. K. Boykin of Columbia, S. C. The ushers were Mr. W. A. Watt of Thomasville, Mr. George E. Lewis of Tallahassee, and Mr. J. T. Budd of Atlanta.

After the reception Mr. and Mrs. Ball went through the country in an automobile to Thomasville and took the train to New York, where they will spend a week or two before going to Charleston, where they will reside.

There were a number of out-of-town guests, among them Mr. J. Alwyn Ball, Sr., of Charleston, S. C., the father of the groom; Judge R. F. Taylor, of the Florida Supreme Court, and uncle of the bride; Mrs. H. B. Crawford and Miss Crawford, of Columbus, Ga.; Mr. and Mrs. Hansell Watt of Thomasville; Mr. Chesnut Halle, of Atlanta; Hon. W. B. Ellis, of Tallahassee; Mr. W. E. Halle, of Jacksonville; Mrs. Henry Holmes, of Charleston, S. C.; Mrs. S. C. Vann, of Madison, and Mrs. William Chesnut, of Gainesville, and many others.—Jacksonville Metropolis.

KILL THE DANDRUFF GERM.

The Only Possible Way of Having An Effective Cure.

When you see a woman or a man with luxuriant glossy hair, you may be sure that the dandruff is amounting to anything. In every case where women and men have thin brittle hair, they owe it to dandruff. There are hundreds of preparations that "claim" to cure dandruff, but none but Newbro's Herpicide tells you that dandruff is the result of a germ growing into the scalp, and that permanent cure of dandruff and its consequences, falling and baldness, can only be obtained by killing the germ; and there is no preparation that will destroy that germ but Newbro's Herpicide. "Destroy the germ, and you remove the effect." Try Newbro's Herpicide. Send 10c. in stamps for sample to The Herpicide Co., 100 East Liberty Street, St. Louis, Mo.

Hot Circus Fever, But a Laudable Desire to Be Instructed, as Well as Amused.

No tented amusement enterprise on earth has met with such continuous praise and applause as has Howe's Great London Shows. An ovation greets this clean and beautiful organization at every point in its annual tour.

From the genesis of the show until its present colossal perfection there has not been a solitary season in which it has not led its fellows in the multiplicity and general excellence of its attractions and now it towers above and dwarfs all other tented exhibitions into comparative insignificance, and this season it presents such an opulence of sterling and meritorious attractions as to entitle it to be designated as a vast amusement goldmine whose wondrous wealth of entertainment is unlimited and immeasurable. Howe's Great London Shows are prolific in leading and sensational features, and fully equipped with the finest stable of horses and the most skillful and finished bareback riders, gymnasts and acrobats in the profession. The show has a large, well-ordered and well-selected menagerie, containing living vigorous specimens of all that is strange, rare and curious within the range of natural history, and this Royal Roman Hippodrome is a realistic reproduction of that of the days of the Imperial Caesar.

It may be said, however, that to these always prominent and desirable attractions have been added, for the current season, many features so stupendous in magnitude, so overpowering in unprecedented grandeur and impressiveness, and so enormous in the expense necessary to this production, that the features mentioned, grand and wonderful as they are, can at best play but a secondary part.

An opium den was recently found running in full blast by the Jacksonville police. Three white men were arrested.

BETTER THAN SPANKING.

Spanking does not cure children of bed-wetting. There is a constitutional cause for this trouble. Mrs. M. Summers, Box W, South Bend, Ind., will send free to any mother her successful home treatment, with full instructions. Send no money. Write her today if your children trouble you in this way. Don't blame the child, the chances are it can't help it. This treatment also cures adults and aged people troubled with urine difficulties by day or night.

HIDDEN DANGERS

Nature Gives Timely Warning That No Gainesville Citizen Can Afford to Ignore.

DANGER SIGNAL NO. 1 comes from the kidney secretions. They will warn you when the kidneys are sick. Well kidneys excrete a clear, amber fluid. Sick kidneys send out a thin, pale and foamy, or a thick, red, smelling urine, full of sediment and irregular of passage.

DANGER SIGNAL NO. 2 comes from the back. Back pains, dull and heavy, or sharp and acute, tell you of sick kidneys and warn you of the approach of dropsy, diabetes and Bright's disease. Doan's Kidney Pills cure sick kidneys and cure, then, permanently. Here is proof in the statement of a nearby resident:

Mrs. Elizabeth Moore, Madison avenue, Starke, Fla., says: "For some time I suffered from dull, nagging backaches and distressing pains through my loins. I could not rest well and arose in the morning feeling tired and worn out. My kidneys were sluggish and the secretions very unnatural. I at length procured Doan's Kidney Pills and they gave me the desired relief promptly. I have since been free from backaches and pains through my loins and my kidneys are normal. I am feeling better generally and give Doan's Kidney Pills the credit."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

HIGH SPRINGS NEWS.

HIGH SPRINGS, Nov. 27.—Our first medal contest was quite a success. It was held on Wednesday evening, November 24th. The program consisted of five temperance recitations, by five young girls, namely, Misses Leona Rogers, Clementine LaCount, Ferule Setzer, Zithla Knight and Eddyth Yeats, the latter being the successful one. The program was made cheerful by music and songs. Special mention should be made of the two vocal solos by Mrs. Jas. Paul, also a piano solo by Miss Maude Thomas. The auditorium was beautifully decorated in cedar, holly and palms.

Mrs. S. G. Easterlin has returned home from Palatka, where she was called on account of the death of her little grand-daughter, Annie Laurie, only daughter of Mr. and Mrs. L. H. Alford of Palatka.

The mothers meeting was held with Mrs. J. L. Yeats on Friday afternoon.

Prof. Guy attended the Teachers' Institute in Gainesville Thursday and Friday.

A Tiny Baby

Can't tell you in words what the trouble is; but if it's complexion gets pasty, if it gets weaker and weaker, loses flesh and is cross and peevish, you can be certain that it has worms. Give it White's Cream Vermifuge, guaranteed harmless. Expels the worms and puts the baby in a healthy normal condition. Sold by W. M. Johnson.

Arrested for Assault.

Thomas Pryor, colored, was brought to this city Saturday by Deputy Sheriff Harris of LaCrosse, charged with criminal assault, or rape, upon the person of Charlotte Bronson, also colored.

There was no particulars in the case, other than the fact that Pryor was accused of assaulting the plaintiff, who is an aged colored woman, and who caused the warrant to be sworn out against him.

Pryor was arraigned before Justice Stokes at LaCrosse, and was remanded to jail here in default of \$1,500 bail.
